4. Definitions, Limitations, and Exclusions:

- Definitions

- 1st Year Annualized Flow Premium: The expected premium, subject to the limitations herein, to be received in the first policy year when considering the amount of initial payment, payment modes, special payment patterns and any other factors National Life Group deems relevant.
- Qualified Flow Increase: This occurs to the extent premium paid via salary reduction/deduction when annualized exceeds the highest anticipated flexible premiums to be paid into the policy during a prior policy year. Subject to PIP rules and details.

- Limitations

- Annuity sales in excess of \$2,000,000 of SPDA premium on a single life or \$100,000 in first year annualized flow on a single life.
- Single sum payments into existing FIA annuity policies during the first 5 policy years will receive 5% credit per premium dollar. Thereafter, any single sum payment will receive no credit.

- Exclusions

- Sales from SPIA, 3121 Plans, Group Unallocated Annuities or other products deemed to be ineligible.

- PC credit is awarded to the agent(s) whose signature(s) and number(s) are shown on the application. We reserve the right to adjust PC Affiliated Brokerage credits for case size, family or controlled business, or for any other unusual circumstances.
- Producers with persistency of less than 65% may not be eligible to receive an invitation. The persistency minimum does not apply to producers that have less than 10 cases or \$10,000 of issued premium between October 1, 2022, through September 30, 2023. Persistency is measured using the 24-month persistency measurement. Premium credit for each policy will be given to the agent whose signature and number are shown on the application.
